COMMUNICATION

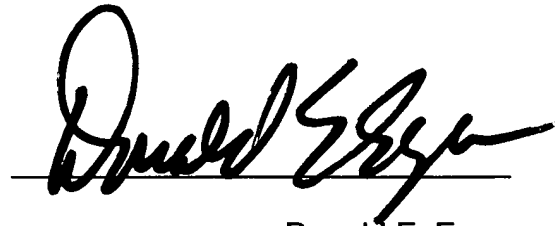

Applicants are providing herewith copies of pages 38 and 39 of the 39-page specification comprising the above-identified application.

The Postcard Receipt filed with the application (a copy of the returned Postcard is attached) was returned with the notation that pages 38 and 39 were not received by the Patent and Trademark Office. It is believed that pages 38 and 39 were attached to the specification that was sent to the Patent and Trademark Office on January 28, 2004 along with the other accompanying documents that made up the application.

As can be seen from the attached pages, Page 38 contains a portion of independent Claim 13 and dependent claim 14. Page 39 contains the ABSTRACT OF THE DISCLOSURE. It is submitted that neither page 38 nor page 39 contains New Matter. Accordingly, it is requested that these pages be inserted in the application as replacements for the missing pages 38 and 39.

If there is any problem in replacing the missing pages, the Examiner is requested to call the undersigned.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Donald Egan", written over a horizontal line.
